## **Around the world in a day.**

### **Minimundus – the small world at Lake Wörthersee/Austria**

In 2018, Minimundus is celebrating its 60th anniversary together with the sponsoring association RETTET DAS KIND - Kärnten. Meanwhile, there are 159 models of famous buildings, trains and ships from over 40 countries displayed in the outdoor park on 26,000 m<sup>2</sup>. Numerous adventure stations on 1,500 m<sup>2</sup> in the indoor area, an inviting restaurant with 100 seats indoors and 400 more on the sunny terrace, a large children's playground and a secluded cafe in the miniature park complete the unique world of experience of Minimundus.

Minimundus is the ideal destination for a day trip, nestled between the picturesque Europapark in the immediate vicinity of the Lake Wörthersee and the enchanting city of Klagenfurt. Located directly on the motorway exit of the A2, with sufficient parking around the entrance, Minimundus invites you on a journey around the world in small format.

The trip around the world begins in the well-kept miniature park, where the models can be admired on a scale of 1:25. Since 2016, the journey around the world can be continued in the indoor world of experience interactively. With a variety of playful stations, the visitors are provided with a world of experience and information that includes topics for adults as well as entertainment for children and adolescents. One attraction is undoubtedly the station "The World in 4D - the 4D Cinema", where the world tour becomes an even more intense experience.

The unique view of the Statue of Liberty, the Eiffel Tower or the Tower Bridge of London make lunch and dinner, a small snack or a coffee a real treat. In the restaurant with service, international dishes as well as delicacies from the Carinthian cuisine are offered daily. In the self-service restaurant you can choose from the warm buffet, grill or salad buffet, to your own taste and without waiting. In the picturesque seating garden with stunning views of the park awaits Austrian coffeehouse culture, where also ice cream creations and homemade pastries can be enjoyed.
